Duolingo Lab Studio – Studio Mapping **Date: 02/03/2026**

Details - The Duolingo Lab is a dedicated language learning space designed to enhance students' communication and digital learning skills. It provides an interactive and technology-enabled environment where students can improve their listening, speaking, reading, and writing skills through structured practice.

The lab is equipped with 19 computers, enabling students to access digital language learning platforms and practice activities independently. The seating arrangement includes 13 white student desks and a laminated teacher's table to ensure proper classroom management and smooth instruction.

The lab also features:

A sense board for interactive learning activities

Green laminated boards for writing and demonstrations

Displayed Duolingo images on the third wall to create a motivating language-learning atmosphere

Proper ventilation with 3 windows and 3 wall fans

Adequate lighting with 4 bulbs

The Duolingo Lab provides a comfortable, organized, and engaging space that supports effective language learning and digital literacy development.

Ideas for the activity or effective use of this lab

1. For Listening Practice

Make students use headphones.

Give them specific listening tasks on Duolingo.

Ask them to repeat sentences loudly and clearly.

2. For Speaking Practice

Pair students and assign dialogue practice.

Use Duolingo speaking exercises.

Conduct “Speak for 1 Minute” activities.

3. For Reading Skills

Ask students to read passages from the screen.

Conduct quick reading challenges.

Give vocabulary tasks based on new words learned.

4. For Writing Practice

After completing a lesson, ask students to:

Write 5 new words.

Frame 5 sentences.

Write a short paragraph using new vocabulary.

Activity : Pillars we can use it for charts like flow charts, picture chart

Student Desks for Activities-

Pair Work: Join two desks and conduct dialogue practice or peer discussions.

Quiz Stations: Keep question cards on each desk and rotate students between desks.

Writing Corners: Use desks for quick paragraph writing, vocabulary lists, or worksheet practice.
